

Nelson Bench

George Nelson, 1946

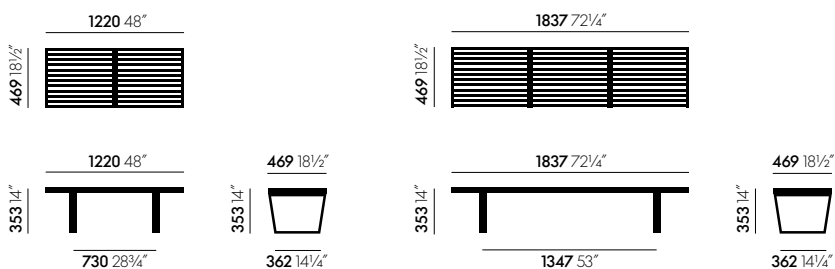

Legendary designer George Nelson designed the Nelson Bench for his office at 'Fortune' magazine in 1946. The bench's clean linear aesthetic reflects the designer's background as an architect. Like many design classics, the Nelson bench has multiple uses, readily serving as a surface for seating, storage or display functions. It is available in two sizes and two colour versions.

Materials

- **Seat:** slatted wood in solid ash, lacquered.
- **Base:** ash, lacquered in black.
- **Applications:** not recommended for public spaces.
- **Origin of wood:** ash (*Fraxinus excelsior*) from Western Europe and/or Poland.
