

# PC PORTABLE

PRODUCT FACT SHEET

## PC PORTABLE

DESIGN BY PIERRE CHARPIN, 2018

Pierre Charpin's PC Portable Lamp is a refined and portable freestanding lamp for indoor and outdoor use. Constructed in robust plastic and featuring a matte scratch- and water- resistant finish, its battery-powered design gives the freedom and flexibility to move it anywhere. The light source is hidden from view by a polycarbonate diffuser, available with both downlight and ambient output options, depending on the desired use. The PC Portable Lamps are available in several mono-colour designs or a selection of playful colour combinations, making them ideal for table lighting in numerous domestic environments, as well as at cafés, restaurants and other public areas.

### HIGHLIGHTS

- Part of a progressive and technologically advanced lighting collection.
- A compact, portable and robust LED-based lamp that can be used freestanding in a number of different environments and applications.
- CE and ETL approved for both EU and US markets.
- Includes replaceable LED light source ensuring a life span of at least 25,000 hours of use.
- Integrated touch step dimmer switch with three standard settings on the base of the lamp.
- Minimum 10 hours of use before the battery requires recharging via USB-C.
- Qualified for contract use.
- 3,5 hours charging time.
- IP44 outdoor rated.
- Suitable for both indoor and outdoor environments.

### DIMENSIONS

WIDTH 14 CM  
DEPTH 14 CM  
HEIGHT 22 CM
